

Ermias Lemma

Sales Development Representative | A2P SMS Specialist | B2B Outbound Sales

Professional Summary

Results-driven **Sales Development Representative and A2P SMS Specialist** with **3+ years of hands-on experience** supporting global messaging platforms and US-based clients. Proven ability to **generate qualified leads, close high-intent prospects, and support enterprise A2P SMS traffic** while maintaining compliance with operator regulations.

Experienced working with **international companies including Salaria, Golf (Global Sales Operations), and messaging aggregators**, handling **cold calling, CRM management, client onboarding, and SMS delivery troubleshooting**. Strong communicator with a neutral accent, technical background in Computer Science, and deep understanding of **sales funnels, telecom workflows, and client conversion strategies**.

Actively seeking a **high-performance SDR / Sales / A2P role** where I can drive pipeline growth, increase conversions, and support revenue teams serving US and international markets.

Core Skills & Strengths

- High-volume **B2B cold calling & outbound prospecting**
 - **Lead qualification (BANT / MEDDIC basics)** and discovery calls
 - **A2P SMS routing, delivery logic & compliance**
 - Sender ID, shortcode & longcode registration (US & International)
 - **CRM mastery** (HubSpot, Apollo, pipeline tracking)
 - Objection handling, negotiation & closing support
 - SMS DLR analysis, route optimization & escalation handling
 - Sales email sequences & LinkedIn outreach
 - Client onboarding & post-sale support
 - Strong time management in **target-driven environments**
 - Fluent English & Amharic | Basic French
-

Professional Experience

A2P SMS Operations & Client Support Specialist

Freelance / Messaging Platforms

2021 – Present

- Managed **A2P SMS traffic** for US and international clients across multiple routes and operators.
- Supported **sender ID registration, compliance approvals, and traffic whitelisting**, reducing message rejections and filtering issues.
- Monitored **delivery reports (DLRs), throughput, and latency**, identifying blocked or low-quality routes and escalating to carriers.
- Worked closely with **aggregators, telecom partners, and enterprise clients** to resolve delivery failures and optimize performance.
- Assisted clients with **API-based SMS integrations, campaign setup, and traffic scaling**.
- Developed strong expertise in **SMPP, CLI types, grey routes, operator filtering, and carrier regulations**.
- Helped improve **deliverability and client satisfaction**, directly supporting retention and upsell opportunities.

Client value: Improved delivery success, faster issue resolution, and reduced compliance risks.

Sales Development Representative / Phone Sales Agent

Salaria | Golf (Global Sales Operations)

Remote – US Market

- Conducted **high-volume outbound calls** to US-based prospects across multiple industries.
- Generated and qualified leads through **cold calling, CRM prospecting, and digital research**.
- Booked meetings and supported **product demos**, moving prospects through the full sales funnel.
- Maintained clean and accurate pipelines in **HubSpot**, ensuring strong follow-up discipline.
- Handled objections confidently and positioned solutions based on **client pain points**.
- Collaborated with closing teams to increase **conversion and deal velocity**.
- Consistently met outreach and engagement targets in a **performance-driven environment**.

☑ **Client value:** Reliable pipeline generation, better prospect engagement, and higher meeting-to-close potential.
